Aisha Ndiaye

JUNIOR AI ENGINEER

PROFESSIONAL SUMMARY

AI engineer with a focus on computer vision and deep learning. Experienced in deploying real-time object detection systems. Strong communicator with cross-functional team experience and a passion for responsible AI development.

EXPERIENCE

Computer Vision Intern

Jul 2023 – Jan 2024

VisionTech Ltd

- Trained YOLOv8 object detection models for real-time defect detection in manufacturing.
- Optimized models with ONNX Runtime, achieving 3x faster inference on edge devices.
- Annotated and curated a dataset of 15,000+ images using Label Studio.

Junior Developer

Sep 2022 – Jun 2023

FinTech Solutions

- Integrated ML fraud detection model into payment processing pipeline.
- Wrote unit and integration tests, maintaining 90%+ code coverage.

EDUCATION

M.Eng. Electrical & Electronic Engineering

2018 – 2023

Imperial College London

PROJECTS

Real-Time Pose Estimator

MediaPipe + PyTorch app for workout form correction with live webcam feed.

AI Art Classifier

Fine-tuned ViT model to classify artwork by style, deployed on Azure Container Apps.
